

## **Order for PVA TePla to Supply Crystal Growing Systems to China**

**(Wettenberg, December 2, 2009) – PVA TePla AG, Wettenberg, specialized in high-temperature vacuum systems and crystal-growing systems, has received an order for supply of around 50 crystal-growing systems for the production of monocrystalline silicon ingots.**

The new customer of PVA TePla is one of China's leading solar module manufacturers for the global photovoltaic market. The two companies are planning a long-term cooperation. The systems will be delivered by the end of June 2010.
