

PVA TePla receives major order from ASi Industries GmbH

(Aslar, September 4, 2006) – Crystal Growing Systems GmbH (CGS), a wholly owned subsidiary of PVA TePla AG, has received an order worth EUR 16 million to supply crystal growing systems for monocrystalline silicon crystals as part of the cooperation agreement signed in April of this year with ASi Industries GmbH (ASi), Arnstadt, a wholly owned subsidiary of ErSol Solar Energy AG.

The systems will be delivered during 2007 and used in the production of solar wafers.
